

Holt County Sentinel.

Oregon, Missouri.
FRIDAY MORNING, JULY 15, 1867.

You can get good Photographs in Forest City, cheaper than any one will take them. Go and see.

The oration of Mr. D. P. BALLARD came in so late as to cause us great inconvenience in presenting it in one issue. Several advertisements and other valuable articles are crowded out.

WORTH CONSIDERING.—Good diet makes healthy children and adults. Good Saleratus helps to make nutritious, healthy diet. Hence use D. B. De Land Co's Best Chemical Saleratus, as it is perfectly pure, and better than Soda for all purposes.

BOUND OVER.
A man was arrested near Marietta last Saturday for disturbing a school, and upon examination before Justice Beauchamp, was required to give bond in the sum of two hundred dollars for his appearance at the next term of Circuit Court.

FLORAL CONCERT.
We have barely time, as we go to press, to speak of the Grand Floral Concert, gotten up under the skilled management of Mrs. LEARNED. We may remark that we are led to expect an entertainment of a high order. One hundred children and young ladies will participate in the exercises. Programmes give full particulars. Let all go.

NEW BUSINESS.
Mr. JAS. S. HART, has set up for himself in the Saddle and Harness business. Mr. HART is known in this community as a first class workman. He already has quite a respectable stock of his own manufacture on hand. Success to him.

SOME gentlemen from Kokomo, Indiana, have opened a Drug Store at the old stand of W. S. MITCHELL.

NOTICE.
Notice is hereby given that all owners or occupiers of property fronting on streets where side walks are required to be made by ordinance No. 48, published in this week's Sentinel, proceed to furnish material and make side walks according to the provisions of said ordinance, said walks to be completed by the first day of October, 1867, as directed by the City Council.

BUSINESS OF FOREST CITY.
The following is a correct statement of produce bought and sold at Forest City, Mo., during the months from September 1st, 1866, to July 15, 1867:

No. bushels, Wheat	11,000
" " Corn	31,000
" " Oats	6,500
" " Rye	500
" " Barley	6,500
" lbs. Bacon	95,000
" " Lard	10,000
" tons Hemp	35
" doz. Eggs	3,500

Potatoes and butter have been scarce articles, and only small quantities of them have been shipped.

In addition to this it may be stated that the sales of cottonwood lumber and shingles during the above mentioned time amounted to \$12,000.

THE LOCUSTS GONE—A BRIGHT PROSPECT.

The greater part of the grand army has moved from this county. There was a slight vibration of the right and left wings, then an advance of the center, and finally the whole line caught the inspiration and moved forward. It is believed they have gone north but they are doubtless very much scattered, as they have been flying all directions. We are content, however, with the reflection that in Holt county the farmers who came off clear of them are rejoicing over the prospect of a very abundant crop. Those who were injured partially will in a majority of cases have three-fourths of a crop of wheat, and though they have visited every section of this county, the number who have suffered a total loss is comparatively small. It is estimated that double the breath of grain was sown in Holt county this year that was sown last, and good judges think that not more than one-fifth of this will be lost. The injury to corn is scarcely perceptible. This crop, except that it is a little later than usual, was never more promising. It is safe to say that we will have plenty for ourselves and a great deal to spare in this county.

MEETINGS AT OREGON.

Oregon Mo., July 15, 1867.

At a called meeting of the citizens of Oregon and vicinity for the purpose of making arrangements to secure the interests of this community in regard to the proposed railroad from St. Joseph to Council Bluffs.

Upon motion, Hon. I. C. Buzick was called to the chair, and T. C. Dungan appointed secretary for the evening.

The object of the meeting being clearly defined by the chair, and after some pointed remarks by Messrs. E. Van Buskirk, T. H. Parrish and A. M. Swan, all of which seemed to meet the views of the meeting, the following resolution was passed:

Resolved, That a committee of five persons be appointed to wait upon, confer with, and represent the feelings of this meeting to Eastern capitalists and railroad men who are expected soon to be in the city of Oregon, in regard to the proposed railroad to the Iowa line.

On motion the following named gentlemen were then appointed members of said committee: Wm. Kaucher, E. Van Buskirk, E. L. Allen, James Scott, and R. H. Russell.

Messrs. Kaucher, Evans and Buzick being then called upon made some remarks which were well received by the meeting.

On motion it was agreed that when the meeting adjourn it adjourn to meet at the call of the chairman of the committee heretofore appointed by the meeting.

On motion it was ordered that the proceedings of this meeting be published in the Holt County Sentinel.

On motion the meeting adjourned.

I. C. BUZICK, Pres't.

T. C. DUNGAN, Sec'y.

A meeting of the citizens was called on Tuesday, at 8 p. m., by the Chairman of the Committee appointed on Monday. Jas. Craig, President of the H. & St. Joe R. R. being present, was called upon to address the meeting.

Mr. Craig said the people of St. Joseph were at last fully alive to the necessity of a road to the Iowa line; that the City Council had adopted an ordinance subscribing \$210,000 stock in such a road, which was to be voted upon on the last day of this month by the people; a new company had been organized, called the St. Joseph and Council Bluffs Railroad Company, the directors of which were Thos. Tootle, Abram Nave, P. L. McLaughlin, and the speaker, men in whom the people of this county could repose confidence; that certain capitalists had been found who would build the road if they could receive pecuniary assistance along the line, to the amount of about \$300,000; of this amount \$90,000 was yet to be taken; Andrew, Holt, and Atchison counties, he thought, should take this much stock. The speaker dwelt at length upon the importance of a railroad, and called upon the people to subscribe stock in it, pledging that not a dollar would be asked of them until the road was built to the Nodaway river and work commenced in Holt county. He only asked for \$25,000 from Holt county, considering her losses in previous like enterprises. A committee, consisting of Messrs. Scott, Van Buskirk, Kaucher, Buzick, and McIntyre, was appointed to ascertain what amount of private subscription would be taken.

The citizens were invited to attend a meeting to be held at Forest City, after which the assembly dispersed.

RAILROAD MEETING AT FOREST CITY.

At a Railroad meeting held at Forest City, July 17th, 1867.

The meeting was called to order on motion of Capt. Williams.

Mr. H. Patterson was elected Chairman, and H. K. L. Robinson Sec'y.

Gen. Craig then addressed the meeting, stating its object and importance. After which a subscription book was presented for subscriptions to the capital stock of a Railroad from St. Joseph to the Iowa line. Five thousand dollars was subscribed at once.

Gen. Craig suggested that a committee be appointed to circulate a subscription paper throughout the county.

Capt. Williams moved that the Chairman appoint a committee of five to canvass the county up and down the road. The Chairman then appointed the following committee: Capt. Williams, Capt. Cannon, R. J. Poindexter, Henry Minton, Cal. Guillems.

On motion of Gen. Craig, the Chairman was then added to, and appointed Chairman of the Committee.

Gen. Craig also made some inquiries with regard to the right of way, which were answered to his satisfaction.

The meeting then adjourned.

H. PATTERSON, Pres't.

H. K. L. ROBINSON, Sec'y.

[The following is a copy of the terms upon which subscriptions are taken:—

Ex.]
We, the subscribers, hereby agree and contract to, and with, the St. Joseph and Council Bluffs Railroad Company, that we will each take and pay for the number of shares of stock in the Railroad set opposite our respective names, as calls may be made thereon, for the purpose of constructing said road. This subscription is made with the understanding and agreement, that calls thereon shall not be made faster than fifteen per cent. a month, and no call shall be made until the work is in progress in Holt county, and that payment may be made in first class cross-ties, delivered on the line of said road, at 50 cents each, or other material used in the construction of the road; or in pork, beef, or bacon, at cash prices, or in money.

QUERY.

MR. EDITOR: One of the railroad capitalists who this week visited our town in search of funds, stated that the old P. C. R. R. Co. had obtained \$1,100,000 of State, county, and individual subscription, expended \$500,000 on the work, pocketed \$600,000 and shut up shop.

Now that company went before the people pledged to perform all their promises, as strongly pledged as ever Messrs. Joy & Co., then how are we to tell how much work they propose to do before they follow the example of their predecessors by pocketing the funds they now propose that we shall give them?

THOMAS?

ORDINANCE NO. 48.

Be it Ordained by the Mayor and Councilmen of the city of Oregon:

Sec. 1st. That side walks be made on the north side of blocks 12, 11, 9, 49 and 50, fronting on Nodaway street; and on the south side of blocks 5, 6, 7, 8, 48 and 47, fronting on Nodaway street; and on the east side of blocks 14 and 19, fronting on Washington street; and on the north side of block 15, fronting on Missouri street; and on the west side of blocks 9, 8, 1 and 25, fronting on Main street; and on the east side of blocks 7, 2 and 26, fronting on Main street; and such other streets as the City Council may from time to time direct. Said sidewalks to be made of good sound lumber, and sills at least 2 by 4 inches, laid lengthwise of side walks; plank laid across said sills and to be well nailed to the sills; walk to be five feet wide. It shall be the duty of the Street Commissioner to give such notice as may be directed by the City Council to the owners and occupiers of property fronting on such street or streets to furnish material and make such side walks, and it is hereby made the duty of such owners or occupiers to furnish material and do such work as directed by the Street Commissioner.

Sec. 2d. That if any owner or occupier of property fronting on any street where side walks are required to be made fail to furnish material and make such side walks as directed by the Street Commissioner and within the time prescribed by the City Council, then it shall be the duty of the Street Commissioner to perform said work at the cost of said owner or occupier.

Sec. 3d. The Street Commissioner shall in all cases where he has performed the work mentioned in the second section of this Ordinance, make out and certify to the bills against such person or persons chargeable with the cost of said work, and deliver the same to the City Constable and take his receipt therefor, and the City Constable shall present the said bills for payment to the person or persons charged with such bills, or to his or their agent, within ten days after receiving the same.

Sec. 4th. That if said bills be not paid within ten days after demand is made by the City Constable, as provided in the next preceding section, the City Constable shall deliver said bills to the City Attorney who shall commence suit thereon.

Sec. 5th. The City Constable shall pay all money collected by him under the provisions of this Ordinance to the City Treasurer, taking duplicate receipts for the same, one of which shall be filed with the City Register.

Sec. 6th. All side walks shall be under the direction of the Street Commissioner, and shall be put down with uniform and unbroken surface, without offsets, and on a line with the grade of the street. Nothing contained in the foregoing Ordinance prohibiting the use of brick or stone in lieu of plank and sills.

Sec. 7th. All Ordinances contrary to the provisions of this Ordinance are hereby repealed.

Sec. 8th. This act shall take effect and be in force from and after its publication.

Approved July 16th, 1867.
